EDGAR GRIGORYAN

WEB DEVELOPER

PROFESSIONAL EXPERIENCE

As a self-taught JS React developer, I am highly motivated and committed to improving my skills. I have a strong passion for web development, and practicing to become proficient in JavaScript, React, and Redux. I am a fast learner, a problem solver, and a team player

WORK EXPERIENCE

Freelance Web Developer

Feb 2023 - Now

- Worked as a freelance web developer, handling client projects and creating websites for acquaintances. Lorem ipsum dolor sit amet, consectetur adipiscing elit
- Developed and launched multiple websites using the Wordpress platform, utilizing HTML, CSS, and JavaScript.
- Collaborated closely with clients to understand their requirements and translate their ideas into functional and visually appealing websites.
- Provided support and maintenance for the created websites, updating content and functionality as per client requests.
- Optimized websites for improved loading speed and enhanced user experience.

EDUCATION

Yerevan State College of Informatics, 2016-2019

Programming
